

SUMMER CAMP ADVENTURES 2020

Join us for an
amazing summer
camp adventure!

Each 4-week camp program is packed full of hands-on fun and discovery. Every day, your child will make art, use teamwork and math skills to navigate obstacles, investigate science inside and outside, sing, dance and discover lots of interesting books. Each week features a new topic that keeps your child's curiosity growing.

Designed by Experience Curriculum, these research-based camps are grounded in intentional educational activities that both excite children in playful fun while also stretching their mind and confidence. Each camp program offers unique experiences for ages 2-12.

TREASURE ISLAND

Monday

Tuesday

Wednesday

Thursday

Friday

WEEK 1

SET SAIL

Your child will set sail during week one and make her way to an island filled with math and science treasures. She will read stories, make art and experiment with water, sun and wind. Each day, she will learn something new about islands and navigate unexpected challenges by building friendship and teamwork skills.

Island

Make a spyglass and hunt for treasures.

Boat

Build a boat then race it!

Captain

Wear your DIY captain's hat and play "Captain Says."

Wind

Play a windy alphabet game and catch letters.

Sunshine

Experiment with sunshine science.

WEEK 2

AT THE BEACH

Week two begins with crab races as your child learns about life at the beach. Enjoy a week filled with sand, digging and counting shells. Sun is fun but can be harmful as well.

Crab

Scuttle along during crab walk races.

Sand Castle

Build a sandy fortress.

Shell

Dig for hidden shells and count your treasure.

Sunglasses

Make your own sunglasses and protect your eyes.

Sunscreen

Explore sunscreen art and experiments.

WEEK 3

TREASURE HUNT

Follow a secret treasure map into week 3 and prepare to explore the island for buried treasure. Watch out for the exploding volcanoes and crawl into dark caves to discover colorful jewels. Your child's imagination will soar as she rolls coconuts and discovers a make-believe waterfall.

Treasure Map

Draw your own treasure map.

Volcano

Experiment with volcano science.

Cave

Crawl into caves to find, count and sort the jewels.

Coconut Tree

Listen to "Chicka Chicka Boom Boom" and other island stories.

Waterfall

Make waterfall art.

WEEK 4

LUAU

Week four invites your child to a luau filled with learning and friendship. He will celebrate island culture with music, dancing, food and fun. Your child will also practice math patterns in an island dance, count beats on drums, design a surfboard and paint a sunset.

Luau

Make a flower lei.

Island Dancing

Perform a hula.

Surfing

Design your own surfboard.

Island Music

Participate in a drum circle and play along to ukulele music.

Sunset

Paint a multi-layered sunset.

SUPERHERO BOOTCAMP

Monday

Tuesday

Wednesday

Thursday

Friday

WEEK 1

SUPERHERO TOOLS

During week one, your child will collect superhero tools and learn how to use them to help others. He will design his own **unique disguise** to reflect his individuality and **personal strengths**.

Symbol

Decorate a shield with a personal symbol.

Glasses

Make glasses that see secret messages.

Cape

Put on a cape and rescue missing letters.

Mask

Wear a mask and play hide and seek.

Belt

Measure strength and use belts to measure.

WEEK 2

SUPERPOWER TRAINING

In week 2, your child will **learn how to use her super powers** for good. She will practice being invisible and then appear when someone needs a friend and offer a **helping hand**. Your child will test her strengths and gain confidence in her ability to be an **everyday hero**.

Invisibility

Explore a sensory bag and make disappearing ink.

Super Speed

Participate in "Test Your Speed" races.

Flight

Float on air with parachute play.

Super Strength

Hold the world in your hands with Globe Games.

Super Breath

Write letters on a foggy mirror.

WEEK 3

PLANET PROTECTORS

Get ready to **save the planet during week 3**. Set up a recycling station and **create beautiful art**. Investigate what living creatures need and make a habitat to **help them survive**. Your child will select an endangered animal to help and write a story about how he can help save them.

Reduce

Experiment with water conservation.

Reuse

Create upcycled art.

Recycle

Set up a recycling station.

Protect Plants

Plant seeds and discover worms.

Protect Animals

Write a save the animal story and play endangered animal bingo.

WEEK 4

COMMUNITY HEROES

Join hands with **neighborhood heroes in week 4**. Read stories about firefighters, police officers, peacekeepers and volunteers. Your child will participate in a **challenge simulation** each day and **earn badges**. she will learn to have a servant-heart and to show compassion and kindness to all.

Firefighters

Earn a bravery badge.

Police

Earn a safety badge.

Peacekeepers

Earn a peace badge.

Volunteers

Earn a generosity badge.

Good Neighbors

Earn a kindness badge.
