

1

The farmer planted  
2 seeds. Then she  
planted 1 more.  
How many seeds  
did the farmer plant  
altogether?

2

There were 3 carrots  
in the ground. A rabbit  
pulled up 2 carrots.  
How any carrots  
are left?

3

I planted 1 bean.  
My friend planted  
4 beans. How beans  
did we plant altogether?

4

There were 5 flowers  
in the garden. I picked  
1 flower. How many  
flowers are left?
